Professional Experience

Tier 2 IT Helpdesk Specialist
Telecom Inc. (through Boldyn Networks), Ventura, CA
Month Year – Present

- Troubleshoot and resolve Tier 1 and Tier 2 technical issues for internal users, including Wi-Fi/Ethernet connectivity, remote access, and VPN challenges across distributed teams.
- Manage issue tracking with ServiceNow, including diagnostics, templated troubleshooting, and escalation workflows to maintain SLA compliance.
- Consistently achieve resolution rates above 90% on both calls and live chat interactions.

- Simultaneously support high-volume interactions (up to 1 call and 3 chats) while maintaining quality and professionalism.
- Initiate and track ServiceNow work orders for field dispatch when required to ensure timely on-site resolution.
- Delivered process improvements by refining internal documentation and troubleshooting templates to reduce each ticket handling time.

Key Achievements

- **Raised** first-contact resolution metrics by optimizing support template use.
- **Improved** remote onboarding times by clarifying standard VPN and network setup steps for end users.
- **Maintained** high productivity while supporting multiple live support channels concurrently.

> *Tip:* Hiring managers focus far more on *achievements* and *results* than a list of daily duties. Quantifying outcomes (like resolution percentage) makes your impact tangible.
